MONDAY, JUNE 4, 2018 ~ 4:00PM ~ UNITARIAN UNIVERSALIST CHURCH (please note earlier time)

Wear your choice of outfit and join us for a fun concert and potluck to follow. Please bring a dish to share and something related/connected with the piece you are performing. Example: tell us something about the composer and/or explain something about the time the piece was written. It does not HAVE to be connected to the food you bring to share, but it could be. The "set up and clean up" volunteer sign up sheet will be posted at group. Please invite your family and friends!!!!

Find the notes!

SCHEDULE: Private Lessons and Group Class continue all year. Our summer schedule will be posted soon!

Why Group Class?

Here are 6 benefits of attending group class. There are many more. I have added the link to Jenny Burton's article on the Suzuki Association of the America's website where she listed these benefits. I hope you have a chance to read it.

1. Group classes build confidence
2. Group classes are a great way to review skills
3. At group class you can apply new techniques to previously learned pieces
4. Group class helps build ensemble skills
5. Group class allows us to explore other facets of music, like fiddling and holiday music
6. Group class offers social benefits

GULF COAST MUSIC was founded in the winter of 1988 in Fort Myers. Our teachers offer Suzuki/Traditional music lessons to students ages 4 and up. We believe that all children will learn to play beautifully in a nurturing environment with quality instruction. We share teaching ideas with other teachers, locally and globally. As musicians, we are lifelong learners.

Partnership with parents is a key component of our program and together we give students a gift they will cherish forever.

PURPOSE: This camp was developed to provide students an opportunity to learn from accomplished local musicians and musicians from outside Southwest Florida.

Through focused classes, students gain motivation and build on prior knowledge. The instruction received during camp will help students sustain success throughout the following school year.

ENROLLMENT in the Summer Camp is open to students ages 4 and older. Beginners and advanced students are welcome, as well as those who study privately or with an organized school or orchestra program.
